### **Carla Walker-Miller Honored with Edison Electric Institute Award**

**DETROIT, July 9, 2008** – Carla Walker-Miller, President and CEO of Walker Miller Energy Services, LLC, was recognized and awarded for her outstanding efforts in support of Edison Electric Institute's (EEI) groundbreaking utility supplier diversity initiatives. A 28-year energy industry veteran, Ms. Walker-Miller has helped the EEI to cultivate mentoring and developmental relationships between utilities and diverse suppliers. Her long-standing commitment to the EEI Supplier Diversity program and continued networking with EEI member utility companies has enabled her to initiate successful partnerships and truly provide a positive impact for all parties. Ms. Walker-Miller received her award at the 2008 EEI 25th Annual Supplier Diversity Conference in Denver, Colorado.

#### About The Edison Electric Institute

The Edison Electric Institute (EEI) is the association of U.S. shareholder-owned electric companies. Members serve 95 percent of the ultimate customers in the shareholder-owned segment of the industry, and represent approximately 70 percent of the U.S. electric power industry. Organized in 1933, EEI works closely with all of its members, representing their interests and advocating equitable policies in legislative and regulatory arenas. In its leadership role, EEI provides advocacy, authoritative analysis, and critical industry data to its members, Congress, government agencies, the financial community and other opinion-leader audiences. EEI provides forums for member company representatives to discuss issues and strategies to advance the industry and to ensure a competitive position in a changing marketplace. For more information, visit [www.eei.org](http://www.eei.org).

#### About Walker-Miller Energy Services, LLC

Walker-Miller Energy Services, LLC offers complete energy management solutions to help enterprises minimize risks while realizing greater operating cost efficiencies, comfort, and reliability. By supplying traditional transmission and distribution products and services, Walker-Miller Energy Services helps to maximize the performance of the current energy infrastructure. Additionally, the company promotes renewable and sustainable technologies as viable solutions for infrastructure improvement. For more information, visit [www.wmenergy.com](http://www.wmenergy.com).
